Gents (U18) Recurve Traditional						
Oliver Tse	Royal Richmond	95	16	3	1	

Organisers Notes

Dear Archers

Thank you for coming to this years Surrey Field Champs. Unfortunately the heavens opened on us early on, but that did not dampen anyone's spirits. To my knowledge no one gave up because of the weather, even though some of the routes resembled a mud slide.

Some very high scores were made despite the atrocious weather but unfortunately it was the first time for many years that a National Record was not broken. I would like to thank the Surrey Archers for helping me set up the course on Saturday and all the archers for bringing in the various bits and pieces after the shoot despite being wet through. Many hands did make light work, impossible for one. Some may not be aware that the whole set-up is locked up on site at Boxhill during the year and only sees the light of day again on Saturday and put away on Sunday, quite an efficient set up that we have now got down to a fine art.

Derek, Netta and Paul again officiated as only true professionals do. Tony and Lewis also did us proud in the marquee serving up hot grub all day that was appreciated by all.

Last but not least a big thank you to Rob and his team at High Ashurst who once again were always on hand to help if required especially with their tractor in taking the bosses around the woods and retrieving them after the event.

Hope to see you at the shoot next year on Sunday November 1st 2015

John Pettett
