### **BOXHILL 2015 - ORGANISERS REPORT**

Well is this a first at any shoot? All but one of the archers expected on the day actually turned up. It really made it a lot easier at assembly in not having to re arrange groups minutes before the start due to no shows. Just one small request though please, we do take requests, so if you want to shoot with anyone particular please note it on your entry form. Groups and scorecards are completed some days before the event. and fiddling with those on the day is also time consuming and that could delay the start. It was also ironic that this year we chose to trial some special waterproof scorecards. At least it scared the rain off so I suppose they worked.

This year the weather was very kind to us with only some swirling fog to contend with, quite photogenic really. Two National Records were broken this year, congratulations to Anna Catling and Emily Williams. Judging was again expertly undertaken by Derrick and his gang who were efficient as ever in keeping everyone under control.

Lewis kept us fed and watered all day and Pauline and Cliff were as efficient as ever at registration and prize giving at the end of the day. Especial thanks must go to Dave Morris for his help in the planning, and work getting things set up, target faces on, and putting it all away on Monday morning. Also a big thank you to Les Bashford for carrying out his Lord Paramount duties.

Last but not least a big thank you to the staff at High Ashurst, especially Paul who was able to deliver our heavy bosses around the course. His assistance was non stop.

Next year the shoot is on November 6th 2016 , same place.
