National records have been claimed by Daisy Clark, Megan Elm, and Luke Wiseman

SURREY FIELD SHOOT 2011

REPORT

This years Surrey Field Champs at High Ashurst saw claims for three new national records and the largest contingent of archers for a few years. On paper before the off we were full, unfortunately there were several no shows which made a bit of reshuffling with groups necessary before we could start.

The first arrow was shot in earnest just before 9.30 am and the last about 3.30 pm with a lunch break in the middle.

The weather was kind and the day went smoothly, with the whole of the course tucked up in its shed by 5pm. The activity centre is a thriving business so all remnants of the field course have to be removed on Sunday to make way for new activities on Monday. Derrick Lovell and his team of judges officiated and Nick and his gang kept everyone fed and watered .

My thanks also go to the archers who had remembered my lunchtime request to bring the target faces and pegs etc in at the end of the day. This really does help as you can imagine daylight is at a premium this time of year. Thank you also to those Surrey archers who helped to set up the course on Saturday, without you there wouldn't have been a shoot.

Also a big thank you to Pauline and Cliff for carrying out all the administrative duties that are endless in running a record status shoot. Including the prize giving which I believe was started in record time this year. There is nothing more frustrating than waiting a long time for prize giving before setting off for home and looking forward to a soak in the bath.

Thank you all once again, hope to see you next year when the shoot will be on Sunday 4th November, same place, same round.

John Pettett
County Field Tournament Organiser
